NETWORK DRIVE XS

NETWORK HARD DRIVE / 3.5" / GIGABIT LAN / USB 2.0

STYLISH AND COST-EFFECTIVE NETWORK STORAGE SOLUTION

Computer networks these days are not limited to big offices with a lot of employees. More and more people at home or in small offices have a computer network. With the recent programmes, applications and data files becoming larger and larger, the need for additional storage space is more present than ever before! Freecom offers you the perfect storage upgrade for your network, the new Network Drive XS. Simply connect the Network Drive XS to your router or switch, run the easy to use configuration wizard, and have instant access to the drive from any PC within your network. It can even be configured to be accessed via the internet, so your data is available for you from anywhere in the world, without your PC needed to be switched on! The included configuration assistant will guide you to set up the drive and security options the way you want it. For increased flexibility, you can also use the Network Drive as a standalone USB 2.0 hard drive, you can connect it to any PC. Again Freecom has created a storage solution from a consumer's perspective, where convenience, design and quality are key factors.

COST-EFFECTIVE, AWARD WINNING HARD DRIVE STORAGE

- Centralized network storage - add extra storage capacity to your network in seconds!
- Can also be used as fast, portable USB 2.0 external hard drive
- Easy configuration in your network via network configuration assistant
- Rubber enclosure, reduces vibration
- Uses TCP/IP protocol, the communication standard for computer networks
- Data securely accessible from within and outside your network (via the internet)
- Gigabit LAN for ultra fast network data transfer speed
- Two years manufacturer's warranty and unlimited free helpdesk support

IDEAL FOR HOME AND OFFICE USE

Office use:
- Store all your spreadsheets, documents, presentations on one central location
- Data accessible for everyone in the office network or remote securely via internet
- Make a backup of all important business documents and files
- Share data between computers and networks

Home use:
- Store all your digital photo's, music, movies, games on one central location
- Access your data from any PC in your home network, and remote, securely via the internet
- Make a backup of all your important documents, music and video's

EVERYTHING WITHIN REACH

With this network hard drive you have one central storage location for all your files. Your files on the Network Drive XS can be accessed by all computers and notebooks connected to your network – even from a remote location. It is the central storage and access point for all your movies, videos, photos, documents and music.

EVERYONE CAN DO IT!

Connecting and installing the Freecom Network Drive XS is very easy. An easy to understand "wizard" will guide you through the installation process, so your network drive will be ready to go in just a matter of minutes. You can also connect your Network Drive XS via USB to your computer for optimal flexibility.

RUBBERISED BY TOP DESIGNER SYLVAIN WILLENZ

Designed in collaboration with young and multiple award-winning Belgian designer Sylvain Willenz. The sleek and ultra-quiet Network Drive XS is covered in a form-fitting rubber enclosure that provides optimal grip and reduces vibration.

FREECOM QUALITY

Since 1989 Freecom stands for creating innovative and professional digital (storage) solutions. WHAT WILL IT HOLD	1TB	2TB	3TB	4TB
MP3 songs	200.000	400.000	600.000	800.000
JPEG pictures	680.000	1.360.000	2.040.000	2.720.000
DVD movies	220	440	660	880
DivX/Xvid movies	1.000	2.000	3.000	4.000

Definitions: 1GB = 1000MB – 1 MP3 song = approx. 5MB / 1 JPEG photo = approx. 1.5MB / 1 DVD movie = approx. 4.5GB / 1Xvid/DivX movie = approx. 1GB.

Some of the hard drive capacity is used for pre-loaded software, formatting and other functions, and thus is not available for data storage. As a result, your operating system may report fewer gigabytes/terabytes.

PRODUCT SPECIFICATIONS

CAPACITY: 500GB, 1TB, 1.5TB, 2TB
INTERFACE: Gigabit LAN, (also connects to Fast Ethernet and standard Ethernet networks) and USB 2.0
HARD DRIVE TYPE: 3.5" SATA, low noise, low power consumption
DATA TRANSFER SPEED: 1000/100/10 Mbit/s (LAN), depending on network specification. Max. 480 Mbit/s (USB 2.0)
POWER REQUIREMENTS: AC Adapter 12V / min. 1.5A
MTBF: 50.000 POH
DIMENSIONS: 18.2 x 11.4 x 3.1 cm
WEIGHT: 860 g
ENVIRONMENTAL SPECIFICATIONS:
Operating temperature: 10° C / 35° C
Storage temperature: -20° C / 70° C

MINIMUM SYSTEM REQUIREMENTS
